Case Study

Patterson Cheney Toyota -
Bulkhead graphic

Graphic Designer:
Flash Design Melbourne

Approximately 42 meters of self adhesive vinyl was produced for the bulkhead at the Patterson Cheney Toyota dealership, the graphics were easily installed by our team within a day.

Flash Melbourne's design team formed an impressive concept using elements of Formula1 racing and tieing in-house cafe.

Strong colours and images were used to create an exciting atmosphere within the car showroom, which has now become a major talking point between staff and clients.
